

Mission Statement

Working together for student success

Vision Statement

The future success of Tipton Community School Corporation is dependent upon our school's strong partnership between students, staff, parents, and community. This collaboration provides opportunities for student success and growth in their academic, vocational, and personal pursuits. It is an environment where students take ownership of their future while becoming respected, responsible, citizens in an ever-changing world.

A highly motivated staff implements best practices through a well-articulated K-12 curriculum and oversees development in students' character, social, and collaborative skills.

Belief and Value Statements

We believe...

- that all students can learn and achieve.
- that education is a partnership between schools, families, and community.
- that a diverse learning environment with high expectations maximizes student success and achievement.
- that content, instruction and assessments must be stimulating, intellectually challenging and relevant to the lives and future success of the students.
- that professional development is essential for all staff members.
- that every person is a teacher and role model through their actions.
- that a highly qualified, highly effective staff must be recruited, retained, and developed.
- that our schools are a positive reflection and an integral part of the community.
- that family and community integration enables students to see value in learning, fosters a sense of responsibility, and provides safe and secure learning environments.
- that sound financial planning and implementation is essential to achieve district/corporation goals.
- that fine arts, creative arts, academic clubs, and athletic experiences facilitate personal growth, leadership and positive relationships.
- that a responsible education also includes values, personal reflection, interpersonal relationships, and social responsibilities.

We value...

- the uniqueness of each student.
- instructional practices based on evidence-based research.
- a well planned, articulated curriculum that is implemented throughout the K-12 setting and meets the individual needs of students.
- collaborative relationships between community members, businesses, and leaders for the benefit of our students and public education.
- facilities that are safe and well-maintained to provide a quality learning, working, and social environment.
- the integration of technology as a tool which enhances student learning, reduces expenses, and improves efficiencies.
